TESTIMONIALS:

MADISON, ALLA, May 8, 1875.

DEAR SIE: Permit me to eclogise your wells of water, for with nonest motives I do so. I have recently been convinced of its superior medical virtues, in the relief afforded Mr. Jared Doolittie, who was a case of mine in conjunction with Dr. Dement, of Huntsville, for twelve months before going to your Wells, suffering with Brights old Disease of the Kidneys, a disease that is scarcely, if ever, relieved by the aid of medical treatment, thereby producing general propey of the most formidable character. I had desponded of his over being relieved, when, to my astonishment, in a very short time, by the use of the water of your wells, he has been placed again on his feet, and is now able, to some extent, to prosecute his daily svocation. I feel no hesitancy, but would urge upon patients suffering simithe surest means of regaining their healt and vigor. MEURGE R. SULLIVAN, M.D. Read what the Hon. C. C. Clay, jr., says it regard to the curative properties of the water:

Huntsville, Ala., September 5, 1868.

Dran Sin: I had not known the tunnry of a good appelite for more than twelve months when I reached the Wells. I suffered much from that common, but terrible disease, Dyspepsia, Refore a week clapsed my appetite was voracious, and my digestion equal to my appetite. My father was suffering from Dropsy and Chronic Diarrhea. In three weeks he was entirely relieved from the latter, and almost from the former. I am satisfied by experience and observation that the water has extraordinary curative properties in Dyspesis, Dropsy and diseases of the bowels. It is also more pailtable, and much colder than most mineral waters. I believe it possesses as much virtue as any mineral water in this country, and time will prove it. C. C. CLAY, Jr.

MASONIC MUTUAL Life Assurance Association

· OF MEMPHIS. Co-operative and Purely Mutual+Charter Perpetual-Forever Exempt from all Taxes by the Laws of the State.

\$10,000 for \$10! EXPLANATION: \$12 manes you a ment of the association—i. e. \$10 for policy medical examination fee and \$1 continue fee, aid \$1 payable yearly, in advance, office expenses. On the death of a manual an assessment of \$1 is levied on over a viving member, which is the amount paid the widow or beneficiary of the december o in one class, and all between N and 30 years in another, and so on up to 50 years, which is the limit; and every class to be carried to 500 members, then each policy will be worth \$10,000. Until that time each policy will be worth double the number of dollars as U + 3 are members of the class; and at the death of a member the surviving members of his class only are assessed the \$2. The policy fee of \$10, or the greater portion of it, is made a sinking faund to provide for the delinquencies of members; and said faud is loaned on interest, the interest accruing therefrom, after defraying the expenses, coming back to the policy-holders as dividends. The advantages over ordinary Life linearies. Companies are: No panie can break it, the fees are so small, and required to be peid at such long intervals, that any and every man
